

CENTRIFUGAL HUMIDIFIER

30-Series

- High Volume Output
- Fast, Easy Installation
- Economical Operation

CENTRIFUGAL HUMIDIFIER

30-Series

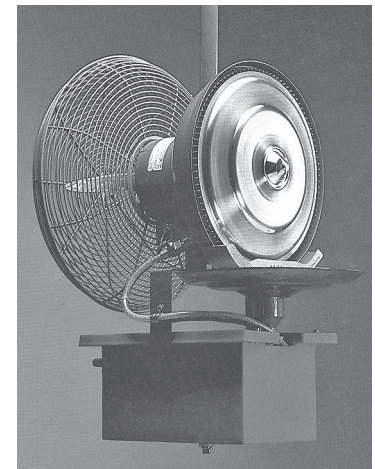

A commercial-grade humidifier for use in applications requiring a higher volume of dependable humidification.

FEATURES AND BENEFITS

- HIGHER CAPACITY**
 Capable of producing 30 gallons of atomized water per hour.
- ECONOMICAL OPERATION**
 The efficient 1/2 H.P. motor uses very little electricity.
- RUGGED CONSTRUCTION**
 Durable, lightweight polyethylene water reservoir provides a long service life with minimal maintenance.
- VERSATILE**
 Available in eight models, including ceiling-mounted and portable floor-standing units with wheels.
- SIMPLE INSTALLATION**
 Many models require only a standard power connection and water source.
- VARIETY OF APPLICATIONS**
 Provides efficient humidification for vegetable growing and storage, wood products production, textile manufacturing, printing, paper storage and more.
